# Freestanding Range Cooker, Dual Fuel, 90cm, 5 Burners

Series 7 | Contemporary

#### Stainless Steel

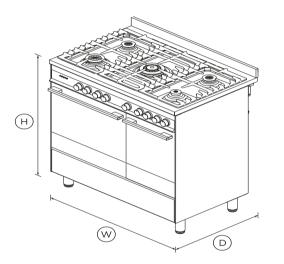

A striking addition to your kitchen, with five powerful gas burners and the cooking flexibility of two convection ovens.

- Five burner gas cooktop with wok burner
- Two independent convection ovens, one 70L total capacity and one 40L total capacity
- Seven oven functions in each oven

### DIMENSIONS

Height	870 - 925mm
Width	900mm
Depth	600mm

# **FEATURES & BENEFITS**

#### Cooking flexibility

This freestanding dual fuel range cooker has seven functions with pre-set temperatures, including Bake, Grill and Fan Forced, allowing you to use a variety of cooking styles.

#### Sized to suit

Designed for multi-shelf cooking, this freestanding dual fuel cooker provides 70L of total capacity in one cavity and 40L of total capacity in the other, giving you enough room for a large family roast and all the trimmings.

# FISHER & PAYKEL

The consistent flame and heat distribution of the gas burners combined with highly responsive dials offer precise heat control. Perfect a slow simmer for sauces or an intense heat for searing steaks.

#### Easy cleaning

Catalytic liners break down oil and fat splashes during cooking so you don't have to spend hours cleaning. The stainless steel component is easily accessible and just needs a quick wipe clean after use.

#### Safe and sound

The door and cavity cooling system keeps the heat on the inside, protecting your hands and surrounding cabinetry. Getting large dishes in and out of the oven is a breeze with non-tip shelves.

#### **Complementary design**

With their black reflective glass and stainless steel finish, our freestanding range cookers are designed to match the rest of Fisher & Paykel's kitchen appliance family.

### SPECIFICATIONS

# Accessories Enamel baking tray 2 Fat filter • Flat wire shelf 1 Grill rack • Capacity Shelf positions 8

Shelf positions	8
Total capacity second oven	40L

#### Cleaning

Acid resistant graphite enamel
